NOTICE TO BUILDING DIVISION CUSTOMERS

Due to the decline in construction activity and the resulting revenue shortfall, the Building Division is enacting a temporary seasonal reduction in the work week. **Effective November 30th**, Building Inspections will be conducted Tuesdays through Fridays only. **Inspections, plan review, and technical consultation will not be available on Mondays until further notice.**

Community Development front-office staff will continue to be available on Mondays to provide administrative services (accept permit applications, issue permits, etc.).

We regret the inconvenience that this may cause to the builder community and look forward to better economic times and restoration of full services.

Respectfully,
